Personal details

Your personal details (like your name, address, e-mail, phone number etc.) will only be used to make sure we can fulfill our obligations and provide our services as good as possible. We will only ask for your details after you have stated that you want to use our services.

Additional personal details

When you start using our services, we most likely will gather more personal details during our sessions. Examples: questionnaires, but also information we will discuss during our coaching sessions, development plans etc. We will only share your information with third parties if you request or require that.

Access to information and information security

Your personal details will not be shared or sold for commercial purposes. We will handle your personal information with integrity and everything we discuss will be under confidentially and will not be shared.

Furthermore, we have taken the necessary technical and organizational measures to protect your data against theft, loss, etc. Information from our sessions will only be saved in a digital format and potential written notes will be destroyed after the sessions.

Privacy statement She in IT

Retention period

We naturally adhere to legal and tax obligations and keep invoices for at least 7 years. We do not store personal data longer than is necessary for the services we provide and the cooperation we have.

Off course you always have the right to view, modify or have your data deleted whenever you want.
